OPEN MEETING

Management Advisory Group for the Intelligence Directorate

Your MAGID representatives have a problem. I have asked MAGID to determine: What practical adjustments can be made to working conditions to improve the environment, efficiency, and morale?

MAGID feels that it is important to obtain the views of Directorate people on this subject before preparing a response. To do this they will:

- . Hold an open meeting on Thursday, May 8 at 2:00 p.m., Room 6F25 Headquarters.
- . Welcome the participation of DDI'ers who have ideas on how to make their work areas more attractive and efficient.

Please come and let them know "what's bugging you" about your working environment.
